How to make

Sorry if I haven't made myself understood (well) in English. You know I'm poor at English.

1: Iron on the interfacing (heavy weight) to "side" and "top" and loop

2: "side" is sewn up and loop

3: "top" and "side" sew pieces

4: "brim" is sew up and loop

The surface and the back are same.

5: two "brims" are sewn up by a dotted line.

6: In a "brim", bias (A wire is put in.)

7: "side" "brim" is sewn up.

8: grommet is installed in the grommet location.

9: to pass a string through a hole.
